

made by Italian hands since 1984

PRESS RELEASE

ZEUS invites you to the event

DESIGN UNIQUENESS

Fuorisalone 2022

June 6th – 12th

Design returns to the spotlight in this Milanese spring, with the 60th edition of the Salone del Mobile which is ready to pervade the entire city of Milan. ZEUS, one of the main organizers of the Fuorisalone since its beginning, will join the event with a topic that reflects the actual time: DESIGN UNIQUENESS.

The need to build an eco-friendly design, avoiding waste by creating a process of synthesis between the used materials, is one of the key principles of Maurizio Peregalli, ZEUS main designer and art director.

Hand-made artistic finishes, deliberately irregular and therefore unpredictable, treatments on materials aimed at bringing out their nature: this is what design uniqueness means for ZEUS. Unique pieces of absolute quality, internally produced by Italian artisans even in quantity and suitable for both contract and for our homes, a place that in the last period has been revalued as never before.

From June 6th to 12th by visiting ZEUS Design Store, the historic Blue Garage in Corso San Gottardo, you will personally see how the brand has maintained its core, from the first collection in 1984 to the novelties presented this year.

DESIGN UNIQUENESS will be the presentation of ZEUS novelties 2022 design Maurizio Peregalli: TONDELLA chair, a seating with an industrial spirit, produced partly with reused materials - a new table made of corten steel - the new SLIM IRONY TV console - further additional solutions of EASY IRONY bookcase. It will also be the opportunity to rediscover products presented last Fuorisalone, now refined in their design: above all, ISOTTA sideboard and AUGUSTIN table, emblems of elegance and attention to detail, that have always distinguished the entire ZEUS collection.

ZEUS Design Store will host as usual

D E S I G N
Ensemble

Selected brands that share the search for a synthesis between modernity and tradition, for the quality of presented products.
